The “Towards Echuca 2010” practice sessions returned to Wednesday night following the Christmas / New year break. There were a few people still on holidays so numbers were down with 10 pilots flying the toughest session yet, the glide approach.

The President, Graeme Martin, again this session almost got a perfect score to win the Petrusma and Partners bottle of quality Tasmanian wine. Leigh Eddington coming in second and Mike Bresnehan into third spot. Congratulations to all ten pilots taking part and freshening up their glide approach skills under the supervision of an instructor.

Don Prairie is calling for names of those interested in flying to Echuca in early March. Aircraft enthusiasts, even if you don't want to compete at the national level, go along just for the trip. Echuca and the Aero Club will certainly make you welcome and it is a shorter affordable cross country flight. (see the Echuca Aero Club invitation on the club noticeboard) Please put your name on the list
