

SUNDAY AFTERNOON

MUSTER 1.00pm

LAKE PEDDER

FLYING SAFARI

For some Aero Club Pilots it is a well worn track over to Lake Pedder. Sunday afternoon February 24th is your opportunity to fly the route, that was the Club's most asked after scenic trip, Lake Pedder Beach.

You will take in some magnificent Southwest scenery, and gain an appreciation of what happened during the flooding of Lake Pedder, a period that has been acknowledged as the beginning of the conservation movement in Australia.

Stan Tilley, Greg Walker and Don Prairie will lead the Safari, into the Southwest, past the Osmiridium fields and the ghost town of Adamsfield. There will be an interpretive talk at the briefing and display of personal and Club memorabilia. The Safari will be followed by Sunday Bar and Bar snacks. **ALL WELCOME** Please Bring your camera, Book your Aircraft early and your name on the office list.
