NEW WINTER FLYING

This Winter we will continue with the Flyins. There is a trip to King Island coming up in August, The Battle of Britain Dawn Patrol for September, if you want to get the **observers seat** phone the office early. **Call 6248 5370**

Also book into your diary **Saturday October 21st for our Annual Dinner** awards night. This year we return to the fully produced stage show format so I know it is going to be very entertaining. Many hours of video have already been recorded to make up parts of the awards night and we have a very special interstate Pilot & Film Actor lined up. **Mark in the diary now ACST Annual Dinner Sat October 21 7.00pm pre show drinks for a 7.30pm sharp start.**

July 23rd Flyin to Meadowbank has been replaced with the **Bruny Island Safari**. This will be a Barbecue put on by the Bruny Island folks, a mini Time Trial competition with 3 prizes, an interpretation on Recherche Bay and the French Gardens and a flying route planned to take in Recherche and the Bruny Lighthouse on the way home. This is a short run - low cost Flyin everyone can enjoy.

Bain Morgan also obtained his command instrument rating, congratulations Bain, another step closer to your CPL. After starting his flying career in 1995 with Par Avion, Bain had a break of around 5 years but couldn't resist the call of flying and joined the ACST in 2003 to continue his training with the help of Stuart, Sam and Albert. Bain would like to thank Rick Gumley for the use of his immaculate C182 for his IREX. Bain's next career checkpoint for his flying is only 25 hours away when he can attempt his CPL. Keep up the hard work Bain.

Bain Morgan, Command Instrument Rating

President Don Prairie with donation to Peter Croswell & Rebecca Dobie of Camp Quality

A presentation was made to Camp Quality donating the \$1,458 dollars raised from the gold coin Open Day. A pleasing result considering the heavy rain would rainR

Also congratulations to our new members Ross Crayford, Tabitha Hui, Henry Jacobs and Robert Schwarz. They have joined ACST and we wish them well in their training endeavors as they work towards their first solo.

The big event which took most of May was ALACS. The club was represented by over 20 members, partners and supporters. ALACS provides an opportunity to members to fly away on a "safari" type holiday. Pilots with their GFPT finding ALACS an invaluable navigational experience one they would not normally do, and also putting their Wednesday night competition flying into practice.

I must congratulate student Pilot, Frank Leibried who flew into equal 3rd place for the Forced landing discipline. Frank, scored 88.66% unfortunately he was displaced into 4th position on countback. Just missing out on the trophy. A very commendable effort from Frank on his first ALACS. I must thank Ed ten Broeke & Petrusma Real Estate for the team clothing Sponsorship and George Newell for his cash donation towards the Flying team.

The Devonport City Council has invited the **ACST to Devonport Jazz in July**. See Flyer enclosed. This invite came "out of the blue". Can we get a plane load together for the day or even an Overnighter if the weather pattern looks good. Peter Waite and I are currently drawing up the 2007 Activities Calendar. If you have an idea you would like to involve the Club in undertaking please let me know so you can be added into next season's '07 Calendar. Just give me a call 0438 346 623.

Safe Flying.
