## THREE STUDENTS PASS THEIR GFPT

Our next Fly-away is the Tamar Valley Wine tour, one I'm keen on, having traveled through the area with friends last year I am really looking forward to returning with some Club mates. If we can gauge from the participation of the first two Flyins we should be in for a good weekend.

Congratulations to student pilots Harriet Cameron, Jack Beardsley and Sam Harvey on passing their GFPT and Duncan Romoser on obtaining his PPL, I encourage all to work hard and Duncan enjoy your new found freedom.

Congrats Harriet Cameron & co passing GFPT

Our formation team flew very well in New Zealand, but the local team were a little better and won the event. The Australian team won the overall competition and I hear in the social stakes at the Dinner, our team was leading the celebrations. Late in the evening, I can just hear Bernie saying "you wouldn't be dead for quids"! Good on you guys.

Sue Davis took the opportunity while in N.Z. to check ride in three different types not normally found around Cambridge, Notably from the Piper family a Warrior and Super Cub also an RV6. Well done Sue that's what flying is about, gathering experience in other types. I heard Sue loved the Warrior and also they will not be the only formation team from ACST competing in ALACS Toowoomba May 11-13 another trio has decided to shake their tree.

Following from our successful product night with Neil Malone from Edmo Asia Pacific the Club can now offer to you a wide range of Pilot Supplies at realistically affordable prices. I have included a price list with Spinner simply order and pay at the office.

Also I wish Good Luck to our four female students pilots competing for the Australian
