

TIME TRIALS ADD CHALLENGE

Don Prairie felt it had been a long time since we last had a Time Trials and it should be fitted into the Bruny Island Flyin. No Computers or GPS permitted. Back to the basics, the same as all our student Pilots are learning today in their theory training. Prizes were awarded for the most accurate in each of the legs of the trials.

Harriet Cameron got to share time in "Pixie" with Peter Fenton and Mike Strudwick. Harriet flew the Time trial Leg from Bruny, Recherche to Cambridge, ACST newcomer and Newsreader, John Remess, who has had one flying lesson said "It was fantastic from the air although we were concentrating on our plan and things, where are we? how high are we? how much time have we got left? but it was fantastic to see all that from the air."

Don Prairie presented to Keith Bill and the Bruny Island community an ACST Wings pin which was gratefully accepted and local Bruny Historian Bev Davis was going to find a place in their History Room along with the other memorabilia related to the airstrip.

Part of the audience Annick's early French history

Maps everywhere as Elizabeth and Carl plot the course and decipher the clues

Pencils, rulers & whiz wheels - no computers for Gary, Ian & David

Bruny liason Keith Bill and French historian

The mini Time Trials were a great hit with everyone as well as the Questionnaires. A strong French flavour was the order of the day and we were provided with some wonderful prizes to giveaway to the Winners. A huge thanks to Jean-Pascal Patisserie for two \$50 Café vouchers to enjoy their specialty French breads and classic contemporary desserts. Congratulations to Cambridge to Bruny winner Peter Rennie and the second leg Bruny Recherche Bay Cambridge winner Ed ten Broeke.
